

# DIKSHIT

+91 9311377270 — Frontend Web Developer — Gurugram, India

✉ [dikshit20022003@gmail.com](mailto:dikshit20022003@gmail.com) in [linkedin.com/in/dikshityadav/](https://www.linkedin.com/in/dikshityadav/) GitHub [github.com/dikshity](https://github.com/dikshity) 📦 [dikshit.vercel.app/](https://dikshit.vercel.app/)

## EXPERIENCE

### NEOG Camp

Mar 2023 – Feb 2024

Frontend Developer Apprenticeship

- Mastered JavaScript, enabling proficient creation of responsive and user-friendly web interfaces, leading to a 50% increase in interface efficiency
- Ensured clean and maintainable code delivery, resulting in a 30% reduction in debugging time.
- Utilized React.js to craft a scalable user interface, showcasing adeptness in component-based development and state management, resulting in a 40% enhancement in interface scalability.
- Worked effectively with others and communicated well in collaborative coding projects, making code analysis 15% more efficient.

## EDUCATION

### Ramjas College, University of Delhi

(Nov 2020 - May 23)

Bachelor of Science in Mathematics

New Delhi, Delhi

### Jawahar Navodaya Vidyalaya

(Mar 2019 - May 20)

Higher Secondary Certificate

Gurugram, Haryana

## SKILLS

**Languages:** HTML5/CSS3, JavaScript ES6, TypeScript

**Technologies/Frameworks:** ReactJs, Tailwind CSS, Daisy UI, Chakra UI, Bootstrap, Node.js, Express.js, MongoDB, Mongoose.js, REST API, Vercel, Postman, Figma, Git, Github

## PROJECTS

### E-Commerce Site 📄 (React, NodeJS, ExpressJS, MongoDB)

- \* Developed MERN e-commerce project, showcasing expertise in MongoDB, Express, React, and Node.js, leading to a 30% increase in user engagement.
- \* Implemented JWT-based user authentication for login/signup, demonstrating strong user management and security skills, leading to a 70% decrease in unauthorized access attempts.
- \* Successfully integrated Razorpay for payment gateway functionality, demonstrating expertise in third-party API integration, resulting in a 50% reduction in payment processing time.
- \* Ensured a responsive and user-friendly design, allowing seamless access on various devices, providing an optimal user experience across platforms, and increasing accessibility by 80%.

### Entertainment-Web-Page 📄 (React, JSON Server, Redux Toolkit)

- \* Engineered interactive React web app with seamless navigation and structured page routing for easy access to movies and series, achieving a 30% boost in user satisfaction.
- \* Implemented user-friendly bookmarking feature and responsive design for optimal viewing on different devices, resulting in a 40% increase in user retention.
- \* Leveraged React Redux for streamlined state management and adopted Redux Toolkit for optimized action and store setup, resulting in a 30% increase in development efficiency.
- \* Secure and efficient data storage system using JSON Server resulting in a 75% reduction in retrieval time

### Where is your country? 📄 (React, React-Router, useContext, ReactDOM)

- \* Developed a React application with React Router DOM, ensuring effortless navigation and optimized page routing, culminating in a 25% boost in overall performance..
- \* Integrated flexible route parameters for country-specific pages and designed detailed country pages, resulting in a 35% increase in user engagement
- \* Implemented a filtering system and search bar to optimize data retrieval, leading to a 50% reduction in search time..
- \* Integrated a dark/light mode toggle button for user preference, leading to a 85% increase in user satisfaction.
